Crompton

Crompton Lighting Business Unit

Part of Crompton Consumer business, lighting business is one of the oldest product lines with many firsts to its credit. Open construction ballast, side reflectors, Reflux lamps to mention a few. With vast experience over many decades; Crompton has been associated with end consumers from individuals to Infra projects for providing appropriate solution for every application. The product range covers Home Lighting solutions, Industrial Lighting, Street lighting, Commercial lighting, Retail Lighting, Infrastructure Lighting etc. Under Industrial lighting, Crompton has products to cater various applications for industries like Steel, Cement, Automobile etc. With expertise over application engineering, Crompton is able to provide most cost effective solution to their customers. The state of art lighting laboratory strengthens the product engineering base as compared to most of the competitors.

After recent introduction of LED in general lighting; Crompton is one of the few brands that introduced complete range of LED products for every application. Crompton always strives to be ahead of technology curve with various offering to customers; be it colour changing LED panel to suit individual moods or be it complete lighting automation solution.

Crompton has rolled out an exclusive experience zone for LED across India called “LED Experia Zone”. The customer can “touch & feel” the various lighting option, request for product demos, seek expert's advice and then make the final purchase decision under one roof. The objective of this experience zone is to be closer to customers and give them a unique experience of making an informed buying decision

Crompton has a very quick and efficient After Sales Service Network of 500 Authorized Service Centres [ASC] pan India. Any complaints received through the Toll Free no [1800 419 0505] is resolved within 48 hours by the skilled technicians.
